

Livestream Guest Booking to Post-Production Email SOP

Step 1: Monitor New Guest Bookings

- Check **app.reveting.com** daily for new bookings
- Watch for booking notification emails
- Follow the New Booking Process:
https://docs.google.com/document/d/1am-RZ8vxhuRnbxdBoJpmZ3v9bGWWm_3a8JanP4fiAZ0/edit?usp=sharing

Step 2: Review Guest Submission

For every booking, review:

- Submitted topics (do they align with the client's core messaging?)
- LinkedIn™ profile URL (are they credible? Do they have 5000+ followers, great? Do they have less than 5000 followers? If so, let's see if we can book someone more relevant. If bookings are difficult, we can book people with less than 5000 followers, but only when there's no other option. If it's between 1000 and 5000 followers, confirm with Production and Marketing Lead that they are credible and aligned for the show. If the Lead is unsure, escalate to higher management.
- Any additional required fields for posting the event (such as guru of the week)

Step 3: Determine Guest Fit

Ask **two questions only**:

1. Is this guest a fit for the show?
2. Did they submit enough information to move forward?

 Important Rule

Never email a guest the raw topics they submitted. Never add the raw topics they submitted as the topics to be discussed in the calendar.

Guests often submit topics that are self-promotional or misaligned with the client's objectives.

All topics must be edited and formatted to fit the specific show strategy *before* being shared.

Step 4: If Guest Is NOT a Fit

- Send the “**Not a Fit**” email
- Apologize politely
- Offer alternative booking links for other client shows (if applicable)
- Do **not** move forward with event creation

Email Template if not a fit:

Hi [Insert First Name],

Thank you so much for taking the time to submit your information and for your interest in being a guest on [insert the show name].

We carefully review your booking submission and at this time, the fit wasn't quite right for the specific direction of the upcoming episodes. This isn't a reflection on your experience or expertise, just a matter of alignment with the current content plan.

We truly appreciate the time and thought you put into applying and wish you all the best with your work and future opportunities.

[If they would be a good fit for other clients:] In fact, after reviewing your experience, you might be interested in the following shows. Please review these booking forms and feel free to book:

1. Insert 1 Client Show Name and Booking Link most in alignment if it exists
2. Insert 2 Client Show Name and Booking Link most in alignment if it exists
3. Insert 3 Client Show Name and Booking Link most in alignment if it exists

Regrets,

[Insert signature]

Step 5: If Guest /s a Fit but Info Is Missing

Required minimum to proceed:

- LinkedIn™ profile URL
- Any assets needed to post the event (title, guest name confirmation, etc.)

If required info is missing:

- Decide if the guest is worth the additional follow-up
- Email the guest requesting missing information
- Do not publish or promote the event until all required details are received

If Production + Marketing Lead cannot post the event due to missing information, **the booking does not move forward.**

Step 6: If Guest Is a Fit AND Info Is Complete

We can proceed with:

- Event creation (Published by Production + Marketing Lead)
 - Social posting (Published by Production + Marketing Lead)
 - Guest email sequence below (Sent by Production Assistant)
-

T-14 Day Guest Activation Email (MANDATORY)

All guests must receive an activation email 10–14 days before their scheduled show.

Purpose:

- Reinforce that the show is LIVE
- Set expectation for promotion
- Encourage audience participation

Trigger:

14 days until showtime or if they book within the 14 days it should be sent right away.

Hi [First Name],

We're excited to have you on the show.

Because this is a live LinkedIn™ broadcast, the best conversations happen when both sides bring their audience into the room.

Here's what we ask from every guest:

- Share a LinkedIn post to promote the show. *Let us know if you want ideas.*
- Invite a few people directly to join live. *Instructions are in the calendar invitation.*
- Be ready to engage in the comments

This isn't a passive pre-recorded podcast, it's a real-time live conversation.

If anything comes up, we completely understand. We just ask for as much notice as possible (ideally 3+ weeks), and if possible, a referral for someone who would be a great fit in your place.

Looking forward to a great conversation.

Post-Production Email

Email 6: Sent 24-36 hours after the show

Purpose should be:

- Close the loop professionally
- Deliver post-production materials for them to share and promote
- Encourage sharing
- Leave the guest and client feeling taken care of

- Time is of the essence and we want to encourage them to keep the momentum from the show going by promoting the post-production materials

The Post-Production Email is a KPI that gets reported by the Production Assistant. It requires coordination with video editors to get the final video clip assets in time and the Production and Marketing Lead to get the podcast uploaded (if the Production Assistant doesn't upload the podcast themselves). The post-production email should be sent the day after the show. The video editors have 24 hours to turnaround the clips so the post-production email should be able to go out 24 hours after the show or up to a max and not to exceed 36 hours after the show.

The post production email includes the following:

- Replay link(s)
- Podcast links (Spotify, Apple)
- Light CTA to share/tag
- Optional next-step relationship building
- Thank yous
