

Calendar Description Updates for Reveting Events SOP

Making sure clients, guests and Reveting team members are always accurately informed of the stage of planning of every event with appropriate calendar descriptions.

Owner: Production Assistant

Calendar Account: ww@reveting.com

Purpose: Ensure every Reveting livestream + podcast event is accurate, complete, and updated at every stage of production.

What we need to accomplish:

- ☐ Every booking is properly captured (even when automations fail).
- ☐ Every event has a standardized calendar description based on its stage.
- ☐ The Production Assistant knows exactly where to pull form data from inside app.reveting.com.
- ☐ Google Calendar (ww@reveting.com) is always accurate.
- ☐ The description evolves once topics + promo links are finalized.
- ☐ Original booking submission is always preserved at the bottom.

CORE PRINCIPLES

1. The ww@reveting.com calendar is the single source of truth.
2. The Production Assistant owns:
 - Accuracy of time
 - Accuracy of description
 - Correct show naming
 - Preserving original guest submission
3. All events must reflect the show's correct broadcast timezone.
4. Channel stack + outline links must always match the Total Deliverables doc.
5. When in doubt → WhatsApp Jessie.

WHERE TO FIND SHOW INFORMATION

Before touching any calendar event, confirm:

- Show timezone
- Channel stack
- Client outline link
- Standard show duration
- Pre-show time

All of this lives in:

Total Deliverables Document (Master Sheet)

<https://docs.google.com/spreadsheets/d/1AegP-hY41aT3hy8EI73x1fDNDE5NDB6QvEIAUg5HIA/edit?usp=sharing>

This document determines:

- Which platforms the show streams to
- Which outline document to reference
- Show structure

Never guess the channel stack.

NEW BOOKINGS (Daily)

Automations are unreliable. You must manually check.

Inside app.reveting.com:

Option A:

- Calendars
- Appointment List View
- Sort by newest

Option B:

- Contacts
- Sort by “Last Activity”

Calendar Description for New Bookings

This is the calendar description they should see from the time of booking to the time the Production and Marketing Lead posts the event and finalizes the topics.

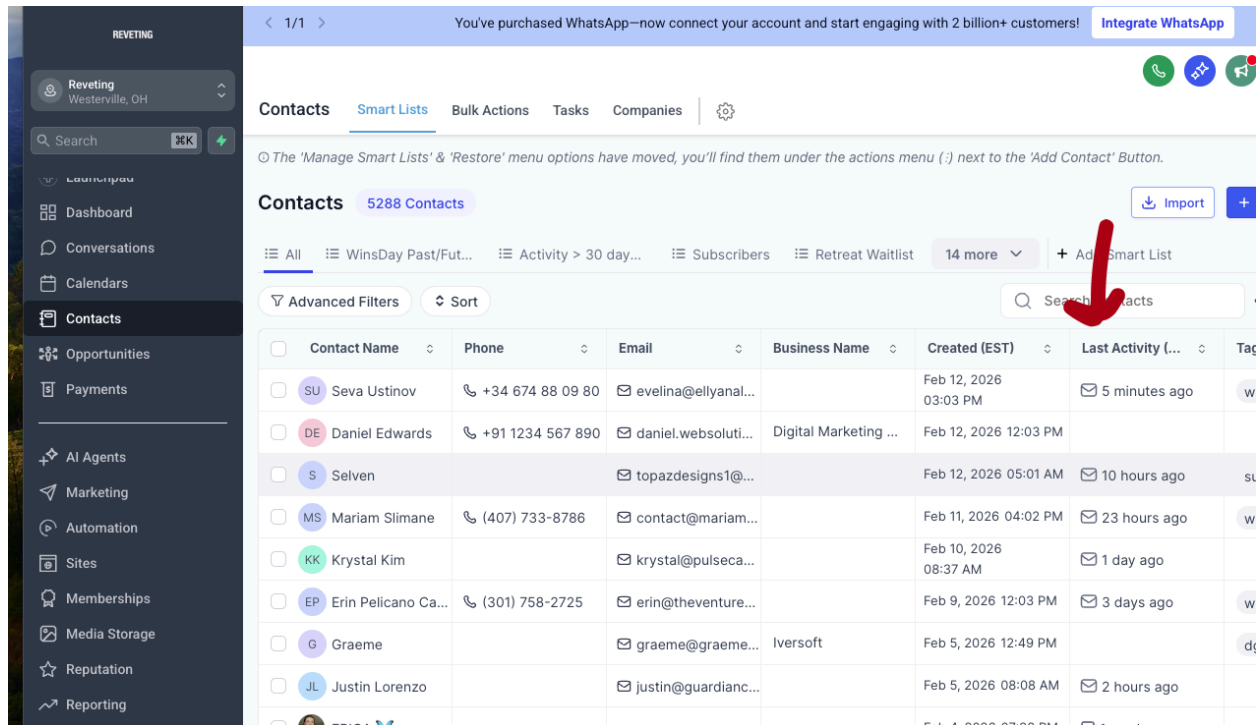

Step 1: Guest books - There should be an email sent to ea@reveting.com when guests book, but not all client automations are always running so you need to actively check for new bookings within each client's subaccounting app.reveting.com.

To find client bookings, click on Calendars on the lefthand panel of app.reveting.com and then click on Appointment List View as shown here:

The screenshot shows the Reveting app interface. The left sidebar contains navigation options: Reveting (Westerville, OH), Search, Dashboard, Conversations, Calendars, Contacts, Opportunities, Payments, AI Agents, Marketing, Automation, Sites, Memberships, Media Storage, and Reputation. The main area displays the 'Appointment List View' under the 'Calendars' section. It shows a list of appointments with columns: #, Title, Contact, Status, and Appointment Time. The appointments are as follows:

#	Title	Contact	Status	Appointment Time
1	WinsDay [Calendar Place Holder - w...	Seva Ustinov	Confirmed	Apr 01, 2026, 08:00 PM (EDT)
2	WinsDay [Calendar Place Holder - w...	Mariam Slimane	Confirmed	Apr 15, 2026, 08:00 PM (EDT)
3	WinsDay [Calendar Place Holder - w...	Erin Pelicano Cauble	Confirmed	May 06, 2026, 08:00 PM (EDT)
4	WinsDay [Calendar Place Holder - w...	Taja M Graham	Confirmed	Mar 25, 2026, 08:00 PM (EDT)
5	WinsDay [Calendar Place Holder - w...	Erica Buyalos	Confirmed	Aug 05, 2026, 08:00 PM (EDT)

To see which booking came in last, you can click on Contacts on the lefthand side and then sort by last activity as shown in the screen shot below:

When a booking comes in, it should automatically get placed on ww@reveting.com's calendar. As of now, that is not happening for all calendars.

When a booking is not showing up on ww@reveting.com then please notify management.

Here's what to do when a booking is not showing up:

Step 2: Create the calendar invite with the appropriate guest, client, and team members names. If you have questions on who to include, please ask internally.

Step 3: Customize the Calendar Description. Before you can create the calendar description, you will need to grab the details they submitted on the calendar by going to app.reveting.com, clicking calendars on the lefthand side then going to Appointment List View, click on the guest, click the 3 dots on right hand side, choose View Details, then select the 3rd icon down which is "Form Submission" to copy their submission and place it on your clipboard so you can use it in the calendar description below.

TEMPLATE NEW BOOKING CALENDAR DESCRIPTION

Event Name [SHOW NAME] with [GUEST NAME]

Location: Streamyard URL TBD

Calendar Description:

Thank you for submitting your topics. We will format them to fit the show and then we will email them and update this calendar description. Please stay tuned as we welcome your feedback on topics.

Promote the Event: We will share a LinkedIn event url with you and ask you and your team to invite their LinkedIn connections to the event.

We will ask you to accept a speaker role on LinkedIn too. Please connect with **[insert client/hosts name if it streams from their personal LinkedIn page or if streamed on company page use [Jessie Lizak on LinkedIn](#) so [s/he] can make you the guest speaker.**

We will also be livestreaming **[INSERT CHANNELS]**. Once posted, we will share those links as well.

Logistics: Please plan to login to Streamyard 15 minutes early at **[Insert PRE-SHOW TIME]**. We will go live at **[INSERT SHOWTIME]**.

Short video clips will be shared post production. Full discussions will be immediately available on **[INSERT THE SOCIAL CHANNELS THIS SHOW STREAMS ON]**. They will be made available on podcast channels post production as well.

If you have any questions, email ea@reveting.com.

Looking forward to the conversation.

We're excited to talk to you!

Topics:

1. Early-Stage Infrastructure Risk & Portfolio Strategy
2. How Venture Fundraising Has Shifted
3. AI & Digital Assets in Long-Term Allocation

Promo Link:

LinkedIn: <https://www.linkedin.com/events/7425306067116580864/>

IMPORTANT. We highly suggest inviting your audience. Your network would love to see you live, and the best way to get them involved is by personally inviting them to the event. Reposting is great, but direct invitations drive real engagement!

Here's a quick walkthrough of how to invite your LinkedIn connections:

https://www.linkedin.com/posts/jessie-lizak_most-people-set-up-a-linkedin-live-and-hope-activity-7337903714613030914-u5yE

LinkedIn gives you 1,000 invites per week, so you still have time! You can filter by industry, location, company, or school to send targeted invites in just a few clicks.

Event Link:

Linkedin: <https://www.linkedin.com/events/7428077519775412224/>

Facebook: <https://www.facebook.com/events/902435279091940>

Twitch: <https://www.twitch.tv/davidjgoecke>

Youtube: <https://www.youtube.com/watch?v=UbCn7avZKmQ>

We always plan for a 15-minute pre-show and reserve one hour for the livestream, though the full time isn't always needed.

Stream to Your Audience:

During pre-show we will check your camera, mic, lighting and show you [how to stream this to your audience on Streamyard](#). Bring your social media credentials to the pre-show so you can plug in your channels and stream this to your audience too.

We highly suggest livestreaming this to your LinkedIn.

Let us know if you have any questions in the meantime.
